Installing the Outgoing Mail Clip (OPTIONAL):

Position the mail clip as shown ensuring that the door closes without mail clip interference with bottom of mailbox. Remove sticker backing to adhere to the inner surface of the front door.

PROPER CARE AND MAINTENANCE

Our mailbox is protected by rust resistant powder coat paint. With a minimum amount of maintenance, your mailbox can look like new for a long period of time. Like any outdoor product made of steel, surface rust may appear over time depending on its placement or environmental conditions. Wipe any surface rust with a fine steel wool pad and clean with a damp cloth and household detergent occasionally. If necessary, touch up paint may be required to maintain the mailbox and extend its useful life.

CUSTOMER SERVICE

Customers should not contact their place of purchase. For customer service regarding warranty and assembly of products please call 1.800.647.7063 for immediate service.

SERVICIO AL CLIENTE
